Clear

```
1 #include <stdio.h>
2
3 int main()
4 {
5     int n,i;
6     char file[20][20];
7
8     printf("Enter number of files: ");
9     scanf("%d",&n);
10
11     for(i=0;i<n;i++)
12     {
13         printf("Enter file %d: ",i+1);
14         scanf("%s",file[i]);
15     }
16
17     printf("\nFiles in Single Level Directory:\n");
18
19     for(i=0;i<n;i++)
```

Enter number of files: 3
Enter file 1: a.txt
Enter file 2: b.txt
Enter file 3: c.txt

Files in Single Level Directory:
a.txt
b.txt
c.txt
